BOLON RUG—GRAPHIC: Gradient Brown / ELEMENTS: Cork

BOLON RUG— GRAPHIC: Gradient Brown

SIZES

A key benefit of our rugs is the flexibility of its size. The rug can be made to fit your interior perfectly. With the right size and design, the rug will enhance the overall expression of your space.

DESIGN

Our rugs can be produced in multiple of our collections, giving you the freedom to experiment with colours, patterns and designs.

TRIMMINGS

The rugs are tied together with uniquely designed trimmings. The Bolon yarn offers both practical benefits and creates a tactile expression.

WHY BOLON?

- › High-end design with BOLON's characteristic three-dimensional woven structure
- › 100% made in Sweden
- › 100% of our collections contain recycled material
- › Climate neutral products and production
- › The durability and supreme quality of woven vinyl give the products a great value over time
- › Easy to clean, impervious material and low operational costs

65%

MATERIALS TRIMMING

BIO-sourced PVC, polyester
For more detailed properties, see technical specification for chosen collection.

A high-angle photograph of a red, modern-style stool with a circular top and a matching base. The stool is positioned on a light-colored, textured rug. A dark, patterned rug with a complex, repeating geometric design is partially visible, overlapping the light rug. The word "BOLON" is written in large, white, bold, sans-serif capital letters across the center of the image, partially overlapping the dark rug and the stool's base.
